

## Spring Newsletter 2020

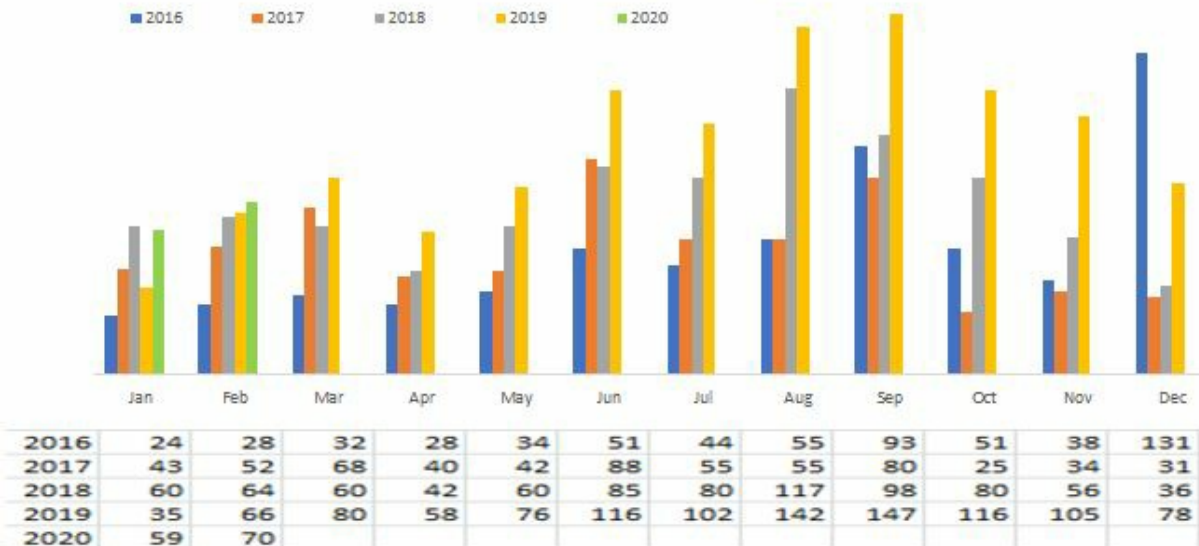

Paws In Need is a California 501 (c)(3) Non-Profit organization dedicated to improving animal welfare in our local community.

We hope that this newsletter finds you sheltered at home and in good spirit despite the current situation. More than ever, we are very thankful to those of you who continue to contribute to our organization, financially or through volunteering.

We wish you and your pet(s) good health!

ANIMALS ASSISTED BY MONTH

2019 was a record year with 1121 animals assisted. This is a 34% increase in animals assisted over 2018. We couldn't have done it without your generous support. Paws Applause to all of you!

In order to continue to grow the number of animals we assist, we need to also grow our team of case managers. If you would like to volunteer your skills and time to help, please contact us.

The kitten season is well underway and we continue to get calls to help whenever we can. We have amazing vet partners who have not stopped providing services thru these challenging times. If you can donate, please go to our website to support our 2nd Annual Spring Spay & Neuter Campaign (<http://paws-in-need.org/donations/>)

Our annual Crab Feed was a great success! You helped us raise \$31,000! Pictures of the event are available on our website (<http://paws-in-need.org/admin/uploads/crab-feed-2020-presentation.pdf>). Mark your calendar for next year – Feb 6, 2021.

Here are some things to consider for your family's kit.

### Pet Emergency Prep List

- Food\* and Water\*** (2-week supply)- Freeze-dried and/or canned food with a pop-top is recommended. 1-2 ounces of water per 10 lbs of body weight per day is a good starting point for pets
- Portable Bowls** - For food and water
- Pet First Aid Kit, Medications\*** (1 month supply) and **Medical Records** - A pet first-aid guide book is also a good idea (this includes flea, tick & heartworm preventatives)
- Poop Bags, Pee Pads, Cat Litter Box, Litter and Litter Scoop** - To collect waste and keep sanitary conditions
- Calming Aids** - To help your pet feel at ease in a stressful situation
- ID Tags and Current Photos of Your Pet** - In case you and your pet become separated and you need to put up lost posters
- Sturdy Collar, Leads, Tie Down, and Carriers** - To transport pets safely and easily
- Reflective Gear or Blinky Lights** - So pets are easily seen in dark conditions
- Toys, Treats, and Chews** - To keep pets from getting bored and restless
- Pet Sweaters and Extra Blankets** - To keep warm in cold conditions

\* Remember to rotate food, water, and medications every two months so they don't expire.

California is Earthquake country, so you should be prepared and always have a kit with emergency supplies, medications, etc...ready. But, do you have one for your pet? Here is a list of what to pack for your pet. (Courtesy of Pet Food Express) <https://www.facebook.com/436410650246/posts/10163320962905247/>

This too applies to the current COVID-19 pandemic. With the groceries shelves empty, make sure your pet is taken care of and has plenty of food and treats.

If you want to get some answers to your questions on how COVID-19 affects your pet, please go to the CDC site and click on COVID-19 and animals <https://www.cdc.gov/coronavirus/2019-ncov/faq.html#animals>
